## PROFILE

Empathy-driven design, innovation-powered development

I'm a creative thinker, always coming up with fresh ideas. I value diverse perspectives and believe in being accountable and communicative, my empathy and sense of humor make me a great team player.

I have hands-on experience in frontend and backend technologies, with a broad insight into design and development processes thanks to my UX/UI studies. I have strong problem solving skills and a commitment to continuous improvement. I enjoy contributing to a dynamic team environment and supporting my peers in overcoming obstacles to achieve mutual success.
